Welcome to the 20th Congress of the International Society of Psychosomatic Obstetrics and Gynaecology (ISPOG) Vienna, 13-16 July 2022

It is a great pleasure for us to meet you at our 20th ISPOG Congress in Vienna, Austria.

Our motto is "Pandemic World - Woman, Family, Society". The extraordinary aspect of this event is, that we are holding it together with the Dreiländer Tagung - Germany, Austria and Switzerland.

Within this framework, you will get to know a highly relevant range of topics with experts from about 15 nations. Specialists from a wide spectrum of scientific fields will present their new research results and offer the opportunity for discussion and personal dialogue. The practical application of the findings will not be neglected either. You can combine the main lectures in the plenaries with your favourites from the symposia, workshops and master classes, according to your needs. There will be vast opportunities for scientific exchange, harvesting ideas for your own projects, and obtaining tips that have practical relevance for your daily work with patients in psychosomatic gynaecology and obstetrics. In this way, we hope to be able to offer the perfect individualised mix for everyone. If you have the appropriate language skills, it is possible to switch between the English- and German-language sessions. In this spirit, we wish all participants a vivid and interdisciplinary exchange.

Welcome Message

After the long hard times caused by the pandemic, this Congress is of very special importance for all of us and we are very happy to finally be able to come together again in person; of course, we adhere to all applicable Corona rules on site - stay with us and above all stay healthy and confident!

Our attractive social programme will give you a good relaxation and entertainment after an intensive Congress day and additionally gives the opportunity to exchange ideas, to discuss and to jointly develop new ideas and approaches.

Last but not least: this year ISPOG has its 60th anniversary, let us celebrate the Diamond Jubilee together!

With best wishes for interesting days at the ISPOG Congress and in Vienna

Your Congress Presidents and ISPOG Board

Mechthild Neises-Rudolf
President Elect ISPOG

Vivian Pramataroff-Hamburger
Treasurer ISPOG

Wednesday July 13, 2022

13:30 - 16:00	Lecture hall (Ground floor) ISPOG Executive Committee meeting
